

# DILUENTE X

Rev.01/2019

## DESCRIPTION

Formulated with highly selected raw materials, it is used to dilute a wide range of paints and varnishes including fast drying, nitrocellulose and epoxy paint.

Thanks to its high solvent power, it can also be used to clean spray guns, paint brushes and dirty tools. Due to its characteristics the product is stable and does not deteriorate.

## USES

To dilute: Dilute the paint product until desired fluidity: an optimal dilution will enhance the gloss and distension of the paint.

To clean: Use this when the cleaning of surfaces, brushes and airbrushes dirty with paint is required.

### Please note:

Always do a preliminary test before use.

Utilize the product in accordance to good working practices avoiding the dispersion of the product or the packaging in the environment.
