SELEZIONE TINTE PER INTERNI

ALCAS **ITALIA**
color your life

l'armonia degli interni

i colori del benessere

*"I colori come i lineamenti seguono i
cambiamenti delle emozioni"*

Pablo Picasso

L'uomo vive immerso nei colori in ogni momento della sua vita; circondarsi di un particolare colore può produrre effetti che possono aiutarci a riequilibrare il nostro stato psichico, arrivando ad influenzare ogni singola azione.

Fu Max Luscher, psicologo svizzero nei primi anni del XX secolo a sostenere che i colori hanno un effetto terapeutico sull'intero organismo. Il colore infatti è una forma di energia in grado di influenzare positivamente o negativamente ogni nostra singola azione.

Alcas Italia propone una vasta gamma di colori accuratamente selezionata e studiata secondo la scienza ergonomica.

i colori del benessere

GRANDI OPERE

Pittura superlavabile altamente coprente, con ottimo punto di bianco, eccellente pennellabilità e distensione, piacevole aspetto opaco e vellutato. E' caratterizzata da elevata resistenza agli agenti atmosferici, agli alcali, allo sfregamento e al lavaggio. Adatta per qualsiasi supporto murale.

GRANDI OPERE

Highly washable paint with high coverage, excellent whiteness, brushability and levelling, and an attractive velvety-soft matte finish. It is characterised by high resistance to weathering, alkalis, friction and washing. Suitable for any surface.

LONDON

Pittura superlavabile opaca ad alte prestazioni caratterizzata da buon potere coprente, punto di bianco e resistenza a lavaggio. Ideale per la finitura d'interni.

LONDON

High performance, highly washable, matte paint with good coverage, whiteness and washing resistance. Suitable for interior decoration.

GLEMUR

Smalto murale opaco a base di resine acriliche in dispersione acquosa per applicazioni interne. E' caratterizzato da ottima copertura, buona dilatazione e adesione. Il film essiccato offre un'elevata resistenza ai lavaggi, alla formazione di macchie di sporco e di polvere, e protegge i supporti murali da urti e abrasioni. E' adatto alla pitturazione di ambienti particolarmente trafficati soggetti a continue operazioni di pulizia.

GLEMUR

Acrylic resin-based matt mural polish dispersed in water for interior use. It has excellent coverage and good adhesion and dilation. The dried film provides a high resistance to washing and to the formation of patches of dirt and dust, and protects the mural surfaces from impacts and abrasion. It is suitable for painting particularly congested areas subject to frequent cleaning.

ALCAMUR SATINATO O OPACO

Smalto idrodiluibile antimuffa per superfici murali a base di resine acril-silossaniche, per applicazioni interne di ambienti ad elevata frequentazione. E' caratterizzato da ottima copertura, buona dilatazione e adesione. Il film essiccato offre un'elevata resistenza ai lavaggi, alla formazione di macchie di sporco e di polvere, e protegge i supporti murali da urti e abrasioni. Speciali additivi garantiscono un'efficace azione igienizzante preservando il film dall'azione di muffe ed alghe.

ALCAMUR SATINATO O OPACO

Waterborne anti-mould polish for wall surfaces based on acrylic-siloxane resin, for indoor environments that are frequently attended. It has excellent coverage and good adhesion and dilation. The dried film provides a high resistance to washing and the formation of patches of dirt and dust, and protects the mural surfaces from impacts and abrasion. Special additives provide an effective cleaning action and protect the film from mould and algae.

Le tinte riportate sono puramente indicative e possono subire variazioni fra vari lotti di produzione.
